SINCE 1992

Precision Engineered.  
Performance Delivered

Established in the year 1992, we “**R. B. Umrao Singh Jain Industries,**” based at Rewari, Haryana, India, are engaged in offering a wide range of Perforated Metal Sheets – **S.S. vacuum filter screen, centrifugal filter screen for sugar industries, supporting liner (Dovex Type) for centrifugal machine and Rice Polishing Jali.**

These products are known for their high tensile strength, durable finish and quality material. Fabricated using high quality basic material like Stainless or Carbon Steel, M.S/ G.I, Aluminum, Brass and Copper, these products find extensive applications in various Industries such as Food and Beverage Processing Units, Automobiles, Pharmaceuticals and Cement. Our Products are in different styles, while the perforations are offered in options of square, triangle, oblong, oval and round shapes also.

Leveraging on our modern infrastructure, excellent R&D facility and backed by proficient technical professionals, we cater to the need of various industries successfully. Quality products at cost effective prices is the prominent attribute of our organization.

Under the able guidance of our mentor **Mr. Sandeep Jain**, we have emerged as a leading player in this segment. His sharp business acumen and leadership qualities have helped us to establish a wide network of clients located across different parts of India.

# ROUND HOLE

<b>Material</b>	<b>C.R. Perforated Sheet</b>
<b>Hole Size</b>	<b>0.50 - 25 mm</b>
<b>Sheet Width</b>	<b>12 - 48 inch</b>
<b>Thickness</b>	<b>10 g - 30 gauge</b>

<b>Material</b>	<b>Copper &amp; Brass Perforated Sheet</b>
<b>Hole Size</b>	<b>0.50 - 25 mm</b>
<b>Sheet Width</b>	<b>12 - 40 inch</b>
<b>Thickness</b>	<b>10 g - 36 gauge</b>

<b>Material</b>	<b>Stainless Steel Perforated Sheet (202 &amp; 304)</b>
<b>Hole Size</b>	<b>0.50 - 25 mm</b>
<b>Sheet Width</b>	<b>12 - 60 inch</b>
<b>Thickness</b>	<b>10 g - 30 gauge</b>

<b>Material</b>	<b>Galvanized Perforated Sheet</b>
<b>Hole Size</b>	<b>0.50 - 25 mm</b>
<b>Sheet Width</b>	<b>12 - 48 inch</b>
<b>Thickness</b>	<b>16 g - 26 Gauge</b>

# SQUARE HOLE

<b>Material</b>	<b>C.R. Perforated Sheet</b>
<b>Hole Size</b>	<b>5, 8, 10, 12 &amp; 25 mm</b>
<b>Sheet Width</b>	<b>12 - 48 inch</b>
<b>Thickness</b>	<b>16 g - 26 gauge</b>

<b>Material</b>	<b>Copper &amp; Brass Perforated Sheet</b>
<b>Hole Size</b>	<b>5, 8, 10, 12 &amp; 25 mm</b>
<b>Sheet Width</b>	<b>12 - 48 inch</b>
<b>Thickness</b>	<b>16 g - 30 Gauge</b>

<b>Material</b>	<b>Stainless Steel Perforated Sheet (202 &amp; 304)</b>
<b>Hole Size</b>	<b>5, 8, 10, 12 &amp; 25 mm</b>
<b>Sheet Width</b>	<b>12 - 48 inch</b>
<b>Thickness</b>	<b>16 g - 26 Gauge</b>

<b>Material</b>	<b>Galvanized Perforated Sheet</b>
<b>Hole Size</b>	<b>5, 8, 10, 12 &amp; 25 mm</b>
<b>Sheet Width</b>	<b>12 - 48 inch</b>
<b>Thickness</b>	<b>16 g - 26 Gauge</b>

# OBLONG HOLE

<b>Material</b>	<b>C.R. Perforated Sheet</b>
<b>Hole Size</b>	<b>0.45 x 5 mm</b>
<b>Sheet Width</b>	<b>12 - 50 inch</b>
<b>Thickness</b>	<b>22 &amp; 24 Gauge</b>

<b>Material</b>	<b>Copper &amp; Brass Perforated Sheet</b>
<b>Hole Size</b>	<b>0.45 x 5 mm</b>
<b>Sheet Width</b>	<b>12 - 50 inch</b>
<b>Thickness</b>	<b>22 &amp; 24 Gauge</b>

<b>Material</b>	<b>Stainless Steel Perforated Sheet (202 &amp; 304)</b>
<b>Hole Size</b>	<b>0.45 x 5 mm</b>
<b>Sheet Width</b>	<b>12 - 50 inch</b>
<b>Thickness</b>	<b>22 &amp; 24 Gauge</b>

<b>Material</b>	<b>Galvanized Perforated Sheet</b>
<b>Hole Size</b>	<b>0.45 x 5 mm</b>
<b>Sheet Width</b>	<b>12 - 50 inch</b>
<b>Thickness</b>	<b>22 &amp; 24 Gauge</b>

# TRIANGLE HOLE

<b>Material</b>	<b>C.R. Perforated Sheet</b>
<b>Hole Size</b>	<b>3 mm</b>
<b>Sheet Width</b>	<b>36 &amp; 48 inch</b>
<b>Thickness</b>	<b>20 &amp; 22 Gauge</b>

<b>Material</b>	<b>Copper &amp; Brass Perforated Sheet</b>
<b>Hole Size</b>	<b>3 mm</b>
<b>Sheet Width</b>	<b>36 &amp; 48 inch</b>
<b>Thickness</b>	<b>20 &amp; 22 Gauge</b>

<b>Material</b>	<b>Stainless Steel Perforated Sheet (202 &amp; 304)</b>
<b>Hole Size</b>	<b>3 mm</b>
<b>Sheet Width</b>	<b>36 &amp; 48 inch</b>
<b>Thickness</b>	<b>20 &amp; 22 Gauge</b>

<b>Material</b>	<b>Galvanized Perforated Sheet</b>
<b>Hole Size</b>	<b>3 mm</b>
<b>Sheet Width</b>	<b>36 &amp; 48 inch</b>
<b>Thickness</b>	<b>20 &amp; 22 Gauge</b>

# APPLICATION

## Applications of Metal Perforated Sheets

We are engaged in offering a comprehensive range of Steel Perforated Sheets, and Woven Wire Mesh. Renowned for their reliable performance, durable finish, and high tensile strength, our products are widely used across multiple industries and sectors, including:

- Food & Food Processing Units
- Paper & Board Mills
- Sugar Mills
- Automobile Industry
- Pharmaceuticals
- Power Projects
- Fertilizer Plants
- Cement Industries
- Chemical Industries
- Construction Sector
- Petrochemical Industry
- Textile Mills
- Architectural Applications
- Household Use

# PACKAGING & PROCESSING

## Our Manufacturing Excellence

At the heart of our operations lies a seamless, highly efficient manufacturing process designed to deliver metal perforated sheets that stand the test of time. With precision-engineered machinery and stringent quality controls at every stage, we ensure each sheet meets the highest standards of durability and performance.

What sets us apart is not just the strength of our products but also the care with which they are delivered. Our double-layered packaging system safeguards each sheet against damage during transit, ensuring it reaches our customers in flawless condition—ready to perform, right out of the packet.
